## Part 2. Special Features

As per the NUI Grade Descriptors, Acceptable and Satisfactory performance will ensure a Pass grade (mark range 40–49). If you believe your work warrants a higher grade, please **briefly** describe below any special features of your work that would provide justification for the higher grade:

Special features
I have tried to capture lessons I learned while doing R, and capture those in the diary, which I think is necessary to get higher grades. I didn't include few silly mistakes which I made as I think that might not be great to note down instead paying more attention will help. I think I fulfill the requirement of assignment, which is required for higher marks for this assignment.
